

CHECK YOUR PAY SUMMARY THIS MONTH!!!!

EXPOSED TO COVID ON A FLIGHT?

It has come to our attention that there have been numerous pay issues (hundreds) related to flights operated in March where members have had confirmed COVID-19 exposures.

The way the flights were removed from Netline, the scheduling computer system, resulted in some members not receiving the correct flying pay, per diems, CICO, or PRE/POST. In some cases DOT and Draft premiums are also missing.

Records is manually checking the rosters of the crew who have had flights removed from their schedules due to COVID-19 exposures but with more than 800 to go through the process will take some time.

If you operated a flight where the Company confirmed you were exposed to COVID-19, please download your flight pay summary from HR Connex and check to see if the flight appears on the FLIGHT INFORMATION and if you were paid for it., under FLIGHT DUTY CREDITS.

If you were not paid, please call Records directly 1-888-676-2224.

OVERLAP EXPENSES

A separate glitch with Netline and the pay download has resulted in some members not being paid the *March portion* of per diems for pairings that overlap into the April block month.

If you have an overlap, download your flight pay summary and check the expenses to see if the MARCH BLOCK month portion was paid, i.e. if you were paid up until the end of the day April 2, 2020.

(Expenses for April 3 and on would normally be paid on the April 2020 statement paid on May 17.)

The Company is attempting to fix this problem and you are asked NOT to call or put in an E claim until further direction from the Company, as they are trying to pull all the data at this time and will not be actioning any individual claims.

Don't know how to read your flight pay summary or pay statement? It's a great time to learn! Check under Epub > Administrative Procedures for an explanation on how to do so.

Don't forget your electronic T4 slip for 2019 is available under HR Connex!
