

General Membership Meetings (GMMs) **- temporary suspension**

Like so many other meetings and events, Local GMMs (incl. May 28th) are being temporarily suspended until a safe location and time can be established for these to resume. This is being done with approval of the National President's Office.

During this time we have extended office hours to 7 days a week to help answer the numerous questions and concerns that COVID-19 has challenged us all with. Rest assured that your Local is working hard every day on your behalf.

At this time, we remain hopeful the September 24th GMM can go ahead as scheduled.

International Bypass Relocated

The GTAA is reconfiguring crew & passenger access to international gates. As of **April 30, 2020** ***all International outbound crew will need to use the Domestic Bypass screening on level 2 before proceeding to your international gates.*** After bypass screening on the domestic side, crew will be directed up the elevators (formerly the domestic maple leaf lounge elevators) to the 3rd floor and a newly constructed connection corridor leading to the international gates.

All international passengers will follow a similar procedure: they will use the same corridor, but be directed clear Pre-board passenger screening on **Level 3 Domestic.**

Germany - New requirements for face masks in public

Please be advised that as of Monday, April 27, 2020, in certain areas of Germany, the government may impose the use of face masks in public areas. Please plan accordingly by grabbing a few in the comm. center.

For more info please click on this link:
