November 2016: **Urgent Action Required 1:50**

Do you remember filling out the [survey on the effects of 1:50](#) back in May 2015?

Your responses were compiled & were invaluable in bargaining and

government lobbying as we pushed toward a review of this legislation. After over a year of background work we're starting to see real progress, but just as we see this progress, we're starting to see a lack of member participation.

We need to keep up the pressure, we need your action NOW!

Two critical items this month:

1. **Sign the online petition:** CUPE national is hosting a new online petition but we haven't had nearly enough participation to date. If you're an FA & concerned with safety, you should already have signed. Then make sure at least 4 other family members sign it too (they can just leave the "local" section blank or enter "ACC family").

2. **CARAC-Canadian Aviation Regulation Advisory Council meeting:**
We need to fill these meetings with flight attendants and hold transport Canada to account. This is where 1:50 was first announced, and the meetings are set up so it's normally difficult to attend. This year's **meeting is Dec 13th**, but you **need to have registered by e-mail before Nov 25th** for the session you'll attend.

Even if you may not be able to attend or you're on reserve, register and CC us on the e-mail so we can show you were interested but timing worked against you. If you fail to register, you're guaranteed not to get in. We need to aim for 100 FAs in YOW for the main meeting and 10-20 at each of the satellite boardrooms. **This will be tough to do, but we can make this happen if YOU participate.**

The available sessions are as follows:

Main Meeting:

- Ottawa at 330 Sparks Street, Place de Ville, Tower C in Boardrooms 27, 28, 29 and 30 (Food Court level) *Right beside the Marriott*.

Teleconferenced meeting rooms:

Remember 1:50 isn't any one person's issue, it's everyone's! We're either going to all win this together or all lose this together.

CUPE 4092 officer we need your participation now more than ever! Thank you!

Thank you also to everyone who participated in the creation of the YYZ Welcome Package it contains info & events for everyone, take a look [here](#).
