

#### Flying International?

The Terminal 1 International Non-Passenger Screening Point (NPS) **will be closed on Monday March 25<sup>th</sup>**, 2019 from 2200-0600hrs (26<sup>th</sup>) and **Tuesday March 26<sup>th</sup>**, 2019 from 2200-0600hrs (27<sup>th</sup>).

During the closure, employees will be able to access the international sector via lane 7 (usually the family/assistance lane) at the Terminal 1 International Pre-Board Screening Point (PBS).

Lane 7 will be operating with full screening PBS rules which means all liquids, creams, gels and pastes must be under 100ml.

Temporary pass issuance will still take place from the current location at the International NPS desk.

#### Tall- Small

The Air Canada winter parka is currently unavailable in a size Tall-Small. If you are interested in this item please call 403-221-2625 or email [office@local4095.ca](mailto:office@local4095.ca). The more people we can get to express interest in this item, the stronger our case will be to have this size made available to us.

#### Meetings with the Company & 737

Just a reminder that due to the grounding of the 737 all CAMs, absenteeism and investigatory meetings have been cancelled by the Company for March 2019. Most managers will be out on the floor supporting the operation in an attempt to assist passengers and ensure further aircraft are not grounded and/or delayed. Air Canada has announced that the 737's will be grounded until at least July 2019.

#### No Cuts to Education

On March 15, 2019, The Ford Government laid out a plan to cut millions of dollars from public education. They will do this by increasing class sizes from Grades 4 - 12, removing special education funding, and requiring all high school students to take four online courses.

This destructive plan will pull thousands of teachers and support staff out of our schools, providing less individual support for students, reduced access to student courses and programs, and fewer educators to volunteer their time to support extra-curricular activities. This multi-million dollar cut to public education will be devastating for our students.

We are calling on the Ford Government to make **NO CUTS TO PUBLIC EDUCATION**. Cuts will lead to fewer teachers and support staff in our schools, reducing services and programs for students. Privatization and contracting out of public education would move us closer to a U.S.-style system that has sent billions in public funds into the pockets of private corporations.

Let's work together to improve our world-recognized publicly funded education system. We can't do that by cutting it. Click

#### **Budget 2019**

CUPE says the Liberal government's final budget before the October 2019 election fails to give Canadians help when they need it most. In particular, CUPE is dismayed by the government's lack of real action on pharmacare when millions of Canadians are unable to afford their medication. Canada's drug costs are the third most expensive in the world. In September, CUPE called on the government to make housing, child care and pharmacare the signature supports of its 2019 budget. CUPE estimates that significant investments in these supports would deliver major savings for Canadian families and employers, while creating good jobs and boosting our sluggish economy. #### **Staffless Library**

Toronto Library Workers are sounding the alarm on a pilot project of "staffless libraries." This dangerous new experiment is currently underway at two Toronto Public Library locations, which will operate and be open to the public with no staff onsite to assist or supervise patrons. Library works, represented by CUPE 4948, feel this risky proposition is jeopardizing the personal security of TPLs patrons and the job security of it's workers. Click [here](#) for more info

#### **7 Tips to Build Your Resilience**

This [National Employee Benefits Day](#) we want to encourage you to build your resilience, and we've got seven quick tips to get you started!
