Politics, Privatization, the 1 in 50 fight and Fitness!

We would like to remind our members that the mid-year sign up period for the CUPE GoodLife deal closes May 25, 2015. For more information, and to access the enrollment forms, please see the Component bulletin dated April 22, 2015 by clicking [HERE](#).

Your help is needed today to stop the privatization of Hydro One. The Liberals want to push it through with only minimal public hearings by the Finance Committee on Bill 91, the new budget legislation that includes the plan to sell Hydro One.

We are asking you, right now, to take a few minutes to email the Clerk of the Finance Committee to say you want to be heard by making a presentation.

IF you get to present at a hearing, CUPE Ontario will support you 100% to get ready - and it's honestly not that hard!

The more requests the government gets, the harder it will be to refuse to hold province-wide hearings. And, if province wide hearings happen, we know there will be hundreds, even thousands showing up to say *"DON'T PRIVATIZE HYDRO ONE."*

Send an email **from your personal email account with your full name, address and contact number** to Mr. Katch Koch, Clerk of the Standing Committee on Finance. His email is kkoch@ola.org or you can call (416)325-3526.

Say you want to make an in-person presentation about Bill 91 to the Finance Committee at a public hearing in your community.

It is important the Liberal government hears from Ontario

citizens like you before they sell off Ontario Hydro. The Government will probably be making decisions this week about public hearings and we need to generate pressure to make sure they do not restrict hearings to a couple days at Queen's Park in Toronto.

To the newly elected NDP party in Alberta, we would like to congratulate them on making history last night by winning a majority government. We hope this "Orange Crush" will continue at the federal level in elections late this year.

We would also like to congratulate our Brother, and fellow Flight Attendant, Ricardo Miranda for winning his NDP seat in Calgary-Cross. We wish him all the best as he starts a new chapter in his life, one that we know he will face with great determination and courage.

The fight against 1:50 is far from over but our legal team still needs our stories. This is not just about loss of safety & salaries, it's about stress levels, days worked, family issues, burnout, retirement savings, etc. Invest 15 minutes now to improve your future! We have developed a web form to gather the needed information; all you need to do is complete it.

Whether you're a new FA, or you have 35 years, we need your input. Go to www.purplewaveyyz.com or mobilization@local4092.ca.
